Dear Sirs,

Warm greetings,

We extend our sincere thanks and appreciation for your kind letter dated April 10, 2025, and for your continued communication and constructive support.

We also highly appreciate the valuable insights you have shared with us through your participation in the recent activities of the Association of National Olympic Committees (ANOC), held in Algeria last March. These insights relate to some of the remarks made by the IOC regarding certain provisions of the Egyptian Sports Law No. 71 of 2017, and the principles of the Olympic Charter.
